

2019 Lukes' Blending Conference in Taiwan

Luke Saints Conference in Taiwan has been held annually over three decades since 1987. In the past gatherings, we were richly supplied, enlivened, and strengthened by the testimony from the saints and the fresh speaking of the Spirit. Through the blending in the Body, we are more saved from our self, nature and cultures into one New Man. We take Christ as our person, grow into Christ in everything, and become the universal body of Christ in reality. Luke Saints have the position to reach the people in need, let their light shine before men, coordinate with the ministry work, and participate the overseas propagation, thus become the threshold of the Holy Spirit and gospel. In the Luke Saints blending, it's time for us to offer and exhibit Christ.

Thank the Lord! 2019 Luke Saints Conference will be held by the church in **TAOYUAN City**. We would be pleased to invite saints all over the world who work in hospitals, study or serve in medical schools, and those who are burdened to participate in this fellowship. The detailed information for the conference is listed below. You can also find the registration form at the end of this invitation. We pray that the Lord will bless this gathering for His further move in the medical field and to the whole earth.
